Congratulations to the happy couple on your engagement!

As a Civil Marriage Celebrant in Australia, it would be my great pleasure to help you get hitched in the ceremony you have always dreamed of. I am here to guide you through the process of getting legally married in Australia whilst taking the stress out of it and ensuring you have a truly memorable and beautiful day.

So what is involved?

1 - Decide on your celebrant and MC for your special day then meet up and get the ball rolling.
2 - Complete the Notice of Intended Marriage (NOIM) within 18 months of your wedding date but no later than 1 month before.
3 - Plan, prepare and collaborate with celebrant on the wedding script and legal documents to be signed on the day.
4 - Support with wedding vows, music and organisation of vendors etc.
5 - Submission of legal paperwork and support with marriage certificate application.

That's the formal stuff in a nutshell and the rest is 100% fun and celebration!
